Dr. Elizabeth Downs
Georgia Southern University
Statesboro, Georgia

Dear Dr. Downs,

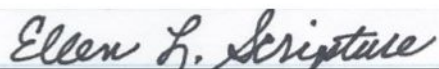

I am writing to express our appreciation for Anastasshia Ames, who was an intern at Southeast Bulloch High School the week of October 5-9. We were delighted to have Anastasshia with us in the media center. She was very enthusiastic, quick to learn and taught us something new as well.

The Cross Country coach had many pictures to download on her school laptop that would not download to a zip file. Anastasshia determined that the files were big and more space was needed so she cleared the cache on the laptop. The pictures were then downloaded. The coach was very excited!

In addition, Anastasshia went to the Healthcare classroom with Mrs. Pye to view the zSpace AR/VR Learning software. The software needed to be updated and after researching, Anastasshia found the solution and updated the computer and the other computers in the media center with this software. Mrs. Pye was very pleased, impressed with Anastasshia's knowledge, and initiative.

Anastasshia was a great asset and we would welcome her back to SEBHS anytime!

Sincerely yours,

Ellen Scripture
Media Specialist
